

BRANDON SCUBA CLUB

Volume 7, Number 1

Winter, 2003

Well it's the beginning of March, it is supposed to be spring but it was minus 35 this morning with a wind chill of minus 45. As I look at the picture to the right I am thinking what a great time it would be to be on a beach in Mexico right now. The picture is of the group of lucky individuals who went to Cozumel to dive in January. Thank you to Elaine Riesmeyer for supplying the picture and the article called Cozumel 2003 which is on page four of the newsletter.

I would also like to thank Dave Ford for another article on diving in Cozumel. His article which is titled Cozumel at Christmas is on page two. I would not normally put two articles on the same destination in one newsletter, however as you will see they are quite different. It seems Cozumel was the place to be this winter.

I would also like to thank

John Kennedy for the pictures of our 2002 Christmas party. As you can see everyone had a great time.

A list of upcoming events is shown on the last page of this newsletter. We have some great events planned, and more will appear in the Spring edition of the newsletter. Don't forget to come out to our March 12th club meeting.

If any other members are away on a dive holiday this winter, I would really appreciate it if you could give me a short write up and a picture or two. I find it best to get first hand information about a dive location.

We have quite a number of new members. Pam Shelfield, Lynne Curtis and Gordon McKay are our newest members. These three amigos were certified down in Cozumel in January. The Brandon scuba club has gone international. Alex Dincser and Michelle Matey from Chico, California have also joined our club. These two are planning on visiting the Spence's and the Riesmeyer's this summer and experience the fantastic diving in Manitoba that we all raved about. Are they in for a treat or what!

Would any members receiving a renewal form with this newsletter please renew as this will be your last newsletter.

Dive safe.
